Tina Mercer Biography

Our family has been part of CCS for 10 years; with three boys, Kaleb (Age 19), Easton (Age 17) and Maguire (Age 17), becoming part of the CCS family in 2014 and graduating in 2022 and 2024 respectively.

We have attended Hillcrest Apostolic Church for 26 years; finding myself volunteering in Children's Ministry, doing life together in Small Groups from the very beginning and currently involved in a Women's Life Group. I have worked for the Saskatchewan Health Authority (SHA) for nearly as long; with 24 years in healthcare as a Laboratory Technologist, Quality Improvement Specialist and currently as an 'Information Flow and Change Management Specialist' in the Digital Health portfolio.

In my spare time, I love to journal, read and hike and I will never turn down pulling my feet up on the couch, with a hot tea in hand, and visiting with friends!!

Thank you in advance for your consideration!
